Tip:
We recommend to enlarge and laminate the pattern before use.

Instruction:
Think of a burdening situation or problem, for which you desire angelic help. Put the symbol cards down in the shape of a fan and draw eight cards. Read the affirmations on the cards carefully. Put these cards in a circle with a photo or sheet of paper with the name of the person you want to help, in the middle. Leave the symbols until the situation has changed/improved. You can lay another protection circle afterwards.

Protecting circle

with Angel-Combi-Symbols by Ingrid Auer

Tip:

We recommend to enlarge and laminate the pattern before use.

Instruction:

Think of a burdening situation. With the help of a pendulum or the muscle test, find out which 15 Angel-Combi-Symbols you need for the cutting-circle or decide intuitively. Put the Angel-Combi-Symbols down in the shape of an eight and read the affirmations carefully. Put a photo or a sheet of paper with your name into the centre of one circle and put a photo or the name of the person who you want to clear a situation with, in the other circle. If you are dealing with a certain situation, put it down on a sheet of paper and place it into the second circle instead of the photo. Leave the symbols until the situation has changed/improved. You can lay another cutting-circle afterwards.
